

Barstow College 2009-2010

Refreshingly transfer-friendly, National University is the number-one choice for community college students transferring to a private school. The information below identifies which courses National University will accept for transfer.

Transfer Course(s): Coursework in transfer from a community college and/or at a lower-division level may be used to waive certain 300 level courses at National University that may apply as preparation or requirement for a major. This waiver is for content only and upper-division units will not be granted. Additional upper-division elective units may be needed to satisfy the overall upper-division unit requirement for a Bachelors degree of 76.5 quarter units. 180 quarter units must be completed overall. Semester units will be converted to quarter units upon transfer.

Courses labeled ‘prep and/or requirement’ are required for at least one Baccalaureate major (please refer to catalog for specific program requirements)

Maximum transfer limits

- * Associate degree - maximum lower-division credit transfer is 58.5 quarter units (39 semester units).
- * Bachelors degree - maximum lower-division credit transfer is 103.5 quarter units (69 semester units).
- * Vocational/Technical coursework limited to 18 quarter units total (12 semester units).
- * Physical Education activity coursework limited to 9 quarter units total (6 semester units).
