

**General Education/Prep
and**

Program to Program Articulation Agreement(s)

Date: 1/27/09

Transfer Institution: **Los Angeles Trade Technical College**

Transfer Course(s): Transfer work completed for 300-level courses at NU will grant content credit only and will not grant upper division credit—depending on the other transfer coursework this upper division credit may need to be made up with upper division electives.

Please note*** As of 9/1/08 the ILR 260 requirement changed to LIBR 101 and ENGL 102 or ENGL 103

(+) Denotes **DIVERSITY** coursework

Any Honors section of the same course will fulfill the same requirement

*** All community college coursework articulated to 300 level coursework at National University will grant content waiver only. The student is responsible for meeting the overall upper division unit requirement for the Bachelors degree (76.5 quarter units) which may cause the student to need additional upper division electives.**

Articulation Assessment based on the following:

Course catalog: **LA Trade Technical College** 2007-2008 (most current available –college source)

National University catalog: **Volume 72** September 1, 2008

National University will accept the following General Education certifications: California State University (CSU) General Education certification and the Inter-Segmental General Education Transfer Curriculum (IGETC).

All requirements for CSU General Education and IGETC must be completed and certified prior to transfer to National University. The University will not accept partial certifications. Students transferring with full certification will be required to take only upper-division general-education courses at National in order to fulfill the unit requirement for general education, typically one to three courses. Students must provide an official transcript with the certification included or provide a separate certification form.

An Articulation agreement identifies courses National University will accept in transfer. The Articulation Agreement may not include all transferable course work. All applicable transfer course work for an Associate's or a Bachelor's degree must have a minimum transfer letter grade of "C".

Transfer courses may be subject to restrictions such as but not limited to: residency requirements, degree requirements, grades and units earned (refer to the current catalog for details).

Articulation references may be updated or amended at any time.
