

Career Technical Education

National University's Division of Extended Learning is excited to offer the Career Technical Education Credential program (CTE). The CTE program, offered online for academic credit, prepares working professionals to transition their occupational skills and subject-matter expertise into the classroom and to ultimately transfer their years of knowledge to young adults in an educational setting.

Our program was created based upon the California Commission on Teacher Credentialing's new professional standards for Career Technical Education, ensuring candidates will be prepared to use teaching skills in the classroom.

Accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (WASC); the Commission on Collegiate Nursing Education (CCNE) for the Bachelor of Science in Nursing Program; the International Assembly for Collegiate Business Education (IACBE) for the School of Business and Management; and approved by the Commission on Teacher Credentialing (CTC).

National University is nonprofit and does not discriminate in any of its policies or practices on the basis of race, ethnicity, religion, national origin, sex, disability, age, or veteran status.

The CTE program is an intensive program with a sequence of courses that include:

- CTEX 1100X Orientation to CTE
- CTEX 1111X Adolescent Education Psychology
(Prerequisite: CTEX 1100X)
- CTEX 1125X Instruction/Management
(Prerequisite: CTEX 1100X; CTEX 1111X)
- CTEX 1126X Diverse Classroom
(Prerequisite: CTEX 1100X; CTEX 1111X; CTEX 1125X)
- CTEX 1199X Supervised Teaching
- EDX 1201X Computer Tech in the Classroom
- HEDX 1101X Health Education for Teachers

All courses are 4.5 quarter units and available for \$525 each.

All CTEX courses except CTEX 1199X can be used to fulfill undergraduate elective requirements.

Courses begin September 2011. Contact us to enroll in the CTE program today!

Please visit our website for the dates of our program offerings.

CTEX 1100X: Orientation to CTE

This course provides an immediate foundation for effective teaching as measured by the California Standards for the Teaching Profession (CSTP). This course is designed as an introduction to the knowledge, skills and dispositions taught in the other courses in the program.

CTEX 1111X: Adolescent Education Psychology

This course examines how educational psychology is applied to adolescent and adult learning and teaching. Theories of Development, Learning Theories, Instructional Approaches, Learning Environments, and Student Assessment are studied. Special emphasis will be given to applying theory into practices through the Supervised Teaching experience.
Prerequisite: CTEX 1100X

CTEX 1125X: Instruction/Management

Facilitates candidates' ability to select and use instructional models appropriate to meet learning needs of students. Classroom management strategies used to create and implement classroom management plan. Candidates will demonstrate understanding of communication skills and strategies for effective parental involvement as well as working with other educators and community representatives.
Prerequisites: CTEX 1100X, CTEX 1111X

CTEX 1126X: Diverse Classroom

This course integrates California K-12 academic content standards with effective instructional strategies for adolescent/ adult learners. Candidates will access student background information for the purpose of designing and reflecting upon long and short term planning through

lesson and unit plans, integrating CTE Standards with Standards from other content areas.

Prerequisites: CTEX 1100X, CTEX 1111X, CTEX 1125X

CTEX 1199X: Supervised Teaching

Supervised Teaching consists of a minimum of one term (as defined by employer). Units: 1) school site classroom orientation and responsibilities, 2) learning environment and classroom management, 3) assessment and evaluation, and 4) lesson design and differentiated instruction. Grading is S or U.

EDX 1201X: Computer Tech. in Classroom

4.5 quarter units; \$525

Comprehensive overview of computer technology in the educational environment. Course addresses computer terminology, the Internet, and impact of the use of different computer modalities. Includes learning theories and hands-on practice.

HEDX 1101X: Health Education for Teachers

4.5 quarter units; \$525

This course provides an integrated curricula approach to health by infusing the components of nutrition, sexually transmitted diseases, and substance abuse (including alcohol, drugs, tobacco, and narcotics) into the general curriculum. It emphasizes promoting an overall healthy lifestyle that encourages life-long practices in students.
