PREPARE FOR YOUR FUTURE

A series of four courses that allows you to explore your path to inspired teaching and learning focused on the National Board for Professional Teaching Standards (NBPTS) assessment.

These courses will provide you with the skills, knowledge, and expertise to identify your strengths and areas of growth with regard to your certificate area content knowledge and pedagogical practices that will be measured throughout the assessment.

You will also learn test preparation strategies including how to spend study time most efficiently, and how to reduce test-taking anxiety.

Taken together, the four components of the NBPTS assessment challenges you to become your most effective and reflective practitioner with deepened skills in becoming an agent for change and transformation with your students.
