PREPARE FOR A FUTURE IN NURSING

The four TEAS Test Preparation courses offered at National University provide an in-depth 4-week overview in all the exam's sub-categories. The courses consist of a combination of review material, practice exams, and class activities to prepare for the TEAS ATI exam, required of all nursing school applicants.

COURSES OFFERED

- English Language
- Math
- Reading
- Science

The National University Division of Extended Learning is committed to providing personal and professional learning opportunities through innovative and relevant programs and resources to a diverse community in an evolving global environment.
