### Degree Requirements

To receive a California Preliminary Multiple Subjects Teaching Credential, candidates must complete at least 49.5 graduate units, 31.5 of which must be completed in residency to meet the residency requirement.

A number of requirements must be completed prior to taking ITL 600, which include the successful completion of the Credential Packet. The Packet includes a number of requirements, such as background clearance and Negative TB test. To better understand the requirements, please refer to the Sanford College of Education's Credential Information section located in this catalog.

Additionally, the CBEST and CSET must be passed prior to beginning the Multiple Subject Credential Methods courses.

Each credential course (ITL) includes a required 4-hour field experience in one or more K-6 classrooms, representing a diverse K-12 student population, with the exception of the clinical practice courses.

Candidates choosing the Internship option with the Preliminary Multiple Subject Teaching Credential will need to meet the Internship Eligibility requirements as outlined in the Sanford College of Education Credential information section of the catalog.

### Internship Option

The California Commission on Teacher Credentialing (CTC) mandates all approved intern programs provide a minimum of 120 hours of pre-service coursework prior to becoming Intern Eligible. Candidates can meet the 120-hours requirement through one pathway: Complete the foundation sequence of ITL 600, ITL 604, ITL 606, ITL 608; pass CBEST; pass CSET; and have a school or district letter verifying a teaching position job offer as the 'teacher of record'.

The CA Education Code stipulates that a minimum of 144 hours of support and supervision must be provided to the candidate each year of intern employment and

documented. Interns without a valid English Learner (EL) Authorization from CTC will be required to receive an additional 45 hours of EL preparation support each year of intern employment (Total 189 hours).

This Internship Option requires the successful completion of the internship clinical practice experience (minimum 1 year and maximum of 2 years). The California Commission on Teacher Credentialing (CTC) requires an intern candidate holding a valid University Internship Credential to be continuously enrolled in clinical practice support and supervision. During the first year, the intern will take ITL 650A and ITL 651A, ITL 660B and ITL 651B. If, by the end of the first year, the intern's employment continues and the program requirements have not been completely met, then National University is required to provide additional ongoing support and supervision to the intern. Additionally, the intern will need to be enrolled in ITL 650C and, if needed, ITL 650D. For the intern to continue for a third year, the California Commission must approve an extension of the intern credential and National University must approve the intern's petition for an exception to policy. With the petition, the intern is required to document a medical emergency or other extreme circumstances necessitating an 'exception to policy'. The petition's approval is granted on a case-by-case basis and would require the intern to complete one or both courses of the following courses: ITL 650E, ITL 650F respectively.

Interns in the Early Completion Option (ECO) are still required to receive the general support and supervision provided to all interns while they are serving on an Intern credential.

### Internship

(4-8 courses; 13.5-31.5 quarter units)

Placement in an internship occurs as a result of the candidate holding employment in an approved California public school and in partnership with National University. Intern placements must align to the CSET credential, be in compliance with the California Commission on Teacher Credentialing, and meet National University's requirements. Interns need to be in good standing as a teacher of record with an approved school employer and enrolled in National University for the duration of the active University Internship Teaching Credential.

The intern serves as the teacher of record in an approved K-12 classroom and is paid by the school or school district. The University Internship Teaching Credential is good for a maximum of two-years and requires the candidate to be employed in the district and enrolled in National University's Intern Teacher Credential program. As long as the candidate holds the Intern credential and is employed, they have up to two-years to earn multiple subject credential. For a third year as an Intern, the California Commission must approve an extension of the Intern Credential and the candidate must obtain an approved petition from National University by documenting a medical emergency or other extreme circumstances necessitating an 'exception to policy'. Consideration on a case-by-case basis. If the petition is granted, the Intern will be required to complete one or both courses of the following courses during the third year: ITL 650E, ITL 650F respectively.
