Degree Requirements

To receive a California Preliminary Single Subject Teaching Credential and Intern Option, candidates must complete at least 45 quarter units of graduate credit, 31.5 of which must be taken in residence at National University. The degree consists of those courses granting degree units in the Core, Single Subject Credential Methods, or Clinical Practice (Student Teaching or Internship). Further information on graduate admission and evaluation can be found in the Academic Information for Graduate Degrees section of the catalog.

A number of requirements must be completed prior to taking ITL 600, including successful completion of the Credential Packet. The packet includes a number of requirements, such as cleared background clearance and Negative TB test. To better understand the requirements, please refer to the Sanford College of Education's Credential Information section located in this catalog.

Additionally, the CBEST and CSET must be passed prior to beginning the Single Subject Credential Methods courses.

Each credential course (ITL) includes a required 4-hour field experience in one or more classrooms (grades 7-12) representing diverse student populations. The field experience requirement is associated with the clinical practice courses.

Candidates choosing the Internship option with the Preliminary Single Subject Teaching Credential will need to meet the Internship Eligibility requirements as outlined in the Sanford College of Education Credential information section of the catalog.

Once the candidate is Intern Eligible, the California Commission on Teacher Credentialing (CTC) mandates all approved internship programs require a minimum of 120 hours of pre-service coursework (ITL 600, ITL 604, ITL 606, ITL 608) prior to becoming eligible for the Internship Option.

Internship Option

The California Commission on Teacher Credentialing (CTC) mandates that all approved intern programs provide a minimum of 120 hours of pre-service coursework prior to

becoming Intern Eligible. Candidates can meet the 120-hours requirement through one pathway. Complete the foundation sequence of ITL 600, ITL 604, ITL 606, ITL 608; pass CBEST; pass CSET; and have a school or district letter verifying a teaching position job offer as the 'teacher of record'.

The CA Education Code stipulates a minimum of 144 hours of support and supervision must be provided to the candidate each year of intern employment and documented. Interns without a valid English Learner (EL) Authorization from CTC will be required to receive an additional 45 hours of EL preparation support each year of intern employment (Total 189 hours).

The Internship Option is designed to be completed within two years and the university may not extend Intern documents beyond that time. The CA Commission on Teacher Credentialing (CTC) requires an Intern-candidate holding a valid University Internship Credential to be continuously enrolled in clinical practice support and supervision. During the first year, the Intern will take ITL 650A and ITL 651A, ITL 660B and ITL 651B. By the start of the second year, if the Intern's employment continues and the program's requirements have not been met, then the California Commission requires National University to provide the Intern with ongoing, K-12 classroom-based support and supervision. Therefore, the Intern will need be enrolled in ITL 650C and, if needed, ITL 650D. For the Intern to continue for a third year, the California Commission must approve an extension of the University Intern Credential and National University must approve the Intern's petition for an exception to policy. For the petition, the Intern is required to document a medical emergency or other extreme circumstances necessitating an 'exception to policy'. The petition's approval is granted on a case-by-case basis and would require the Intern to complete one or both of the following courses: ITL 650E, ITL 650F respectively.

Interns in the Early Completion Option (ECO) route are still required to receive the general support and supervision provided to all Interns while they are serving on an Intern credential.

Internship

(4-8 courses; 13.5-31.5 quarter units)

PRIOR to beginning the intern courses below, the candidates must successfully complete all Core courses, pass CBEST, pass CSET, and meet all CTC requirements related to the University Intern Credential.

Placement in an Internship occurs as a result of the candidate holding employment in an approved CA public school and in partnership with National University. Intern placements must align to the CSET credential, be in compliance with the California Commission on Teacher Credentialing, and with National University's requirements. Interns need to be in good standing with the employer and National University for the duration of the active University Internship Teaching Credential.

The Intern serves as the teacher of record in an approved K-12 classroom and is paid by the school or school district. The University Internship Teaching Credential is good for a maximum of two years and requires the candidate to be employed in the district and enrolled in National University's Intern Teacher Credential program. As long as the candidate holds the Intern Credential and is employed, they have up to two years to earn the Single Subject Credential. For a third year as an Intern, the California Commission must approve an extension of the Intern Credential and the candidate must obtain an approved petition by National University by documenting a medical emergency or other extreme circumstances necessitating an 'exception to policy'. Consideration is on a case-by-case basis. If the petition is granted, the Intern will be required to complete one or both courses of the following courses during the third year: ITL 650E, ITL 650F respectively.

ITL 650A*	CP Internship A: Year 1 <i>Corequisite: ITL 651A</i>
