

MAC Program Practicum Sites for San Diego County

Updated: September 2021

Name of Agency: Alvarado Parkway Behavioral Health Institute (API)

Address: 7050 Parkway Drive, La Mesa, CA 91942

Phone: (619) 667-6058 (Dr. Morrison) or (619) 667-6105 (Psych Dept.)

Contact Person: Carrie A Morrison, PsyD

Email Address: cmorrison@apibhs.com

Description of the Program:

API is a 66-bed inpatient acute psychiatric hospital with 3 outpatient programs, 3 Jackson House crisis houses and 1 Jackson House Residential Treatment Program.

The practicum trainee will be working exclusively in the inpatient hospital. They will be providing individual and group therapy across 3 units; units are based on acuity with 2 ICUs and 1 MHU or mental health unit. Population ranges from 18-90. Patients vary across all socio-economic-cultural demographics. Based on symptoms, trainees will conduct suicide risk assessments, danger to others assessments, behavior plans, domestic violence screenings, seclusion and restraint debriefs.

Required commitment is 12 months; if you complete your degree prior to the end of your commitment, you will be encouraged to apply for your intern number through the Board of Behavioral Sciences. You have a 90-day window in which you can count hours towards licensure while you await the intern number. This way you do not lose any hours towards your licensure.

Trainees are required to work 20 hours a week. This includes occasional weekend day of 8-hour shift. On that week, you will work 28 hours. You will “bank” those 8 hours worked to use as vacation or sick time in addition to your 6 days a year of vacation/sick time. The hospital is 24/7. Psychology and Addiction hours are Saturday through Thursday from 8-430 and Fridays from 7:00-3:30 pm. Friday is supervision day with one hour of didactic from 7-8 with the entire department. Small group supervision of 8 or fewer trainees will be from 8-10. Your one hour of individual or triadic supervision is determined by trainee’s schedule.

No previous clinical experience is required. Requirements include professionalism, personal responsibility, and open mind and a sense of humor.

Name of Agency: APEX Recovery

Address: Inpatient/Rehabilitation Residence: 4251 Nabal Dr., La Mesa, CA 91941

Contact: Mallory Mitchell, Clinical Director

Email Address: mmitchell@apex.rehab

Description of the Program:

APEX recovery offers a residential program for treatment of addictions in a holistic, evidence-based treatment environment. Three distinct medical approaches are options to treat addictions: internal/addiction medicine, psychiatry, and integrative/holistic therapies. The outpatient program consists of group, individual, and couples' psychotherapy, drug and alcohol counseling, psychiatry, and dual diagnosis treatment. Day and evening scheduling offered.

Name of Agency: CRF Areta Crowell Wellness Recovery Center

Address: 1963 4th Avenue, San Diego, CA 92101

Contact Person: Nicole Wilson, LPCC, Program Director

Email Address: nwilson@comresearch.org

Description of the Program:

The client(s) population served: Seriously mentally ill (SMI) clients aged 18 and old including those that may have co-occurring substance use disorder.

The length of the commitment: 12 months

The number of hours required of trainees per week: 20

Time of day or evening trainees will be at the site: Mondays are required from 8am- 12pm, other days can be scheduled during clinic hours M-F 8:30am- 4:30pm

Type of clinical supervision (individual, group, or both) and when it is scheduled:
Group supervision on Mondays from 8am- 10am and one hour of individual supervision/week based on trainee/supervisor schedule

Any special training required in addition to university classes: No

Any other information you deem important for potential trainees to know: We have a specialized program for Transitional Aged Youth ages 18-24 and also work with many clients experiencing homelessness.

Name of Agency: Community Allies for Psychological Empowerment

Address: Various locations in Linda Vista, City Heights, and El Cajon

Contact Person: Dr. Eric Marcus

Phone: (858) 531-6959 (cell)

Email Address: ehmarcus@yahoo.com

Description of the Program:

CAPE encompasses the following sites: El Ninto Domestic Violence Center, Bayside Community Center serving a geriatric population, Bridge of Hope meeting needs of East African refugee population, and a sober living facility in El Cajon. Trainees are expected to commit to one year and will receive 10 hours of face-to-face counseling a week and four hours of group supervision. Clinical experiences will include individual, group, bio-psycho-social interviewing, training in DSM5 diagnosis, and possibility for family counseling.

Recently added by Dr. Marcus:

Students are trained in the application, development, and refinement of psychotherapy and assessment skills.

- a. Maintaining the highest level of professional ethics. following all legal mandates established by federal and state regulations.
- c. Modeling professionalism, integrity, collaboration, and mentorship.
- d. Facilitating multicultural receptiveness and clinical competence in working with diverse populations.
- e. Utilizing best practices and diagnostic tools including the DSM-5.

HOW CAPE's TRAINING PROGRAM WORKS: CAPE's assessment and clinical services are delivered by a range of students in marriage and family therapy, and clinical mental health counseling. All clinical and forensic services, including assessment, treatment, and reports are supervised by Eric Marcus, M.D., a Board-Certified psychiatrist. License #A19220.

CAPE provides psychological services (individual and group) to numerous adults placed in residences in or near El Cajon. These individuals have been involved with the criminal justice system.

CAPE also provides group and individual counseling to mothers and children in a facility for victims of domestic abuse.

Name of Agency: Casa De Amparo

Address: 325 Buena Creek Rd., San Marcos, CA 92069

Contact Person: Celeste Leichliter, Volunteer Coordinator

Email Address: cleichliter@casadeamparo.org

Description of the Program:

Casa de Amparo annually serves 1,300 Casa Kids, from prenatal to 24 years old, as well as 700 families, through six programs that promote healing, growth, and healthy relationships. These programs include Residential Services, Counseling Services, Family Visitation, Hayward Child Development Center, New Directions, and Young Parent Network. Casa de Amparo is the San Diego Chargers Courage House, part of a national network of NFL teams and local charities dedicated to the prevention of child abuse.

Experience Provided: The Counseling Center staff at Casa de Amparo guides, advocates for and supports children and families participating in Casa's programs to help treat the effects of child abuse and neglect and stop the cycle. Casa de Amparo's Outpatient Counseling Services are designed to support children and families facing a variety of individual or family stressors and/or mental health issues.

Name of Agency: Community Research Foundation

Description of the Program:

Community Research Foundation is a San Diego-based not-for-profit corporation providing behavioral health services to adults, children, and families. They operate 32 programs offering a wide range of services including: Outpatient programs serving adults, children, youth and families; Assertive Community Treatment (ACT) programs targeting homeless individuals with psychiatric disabilities, often including co-occurring substance-related problems; short-term acute residential treatment (START) programs which provide an alternative to voluntary acute psychiatric hospitalization; a transitional residential program; and a supported housing program.

Community Research Foundation has a memorandum of understanding with the MAC Program at National University that includes 26 of their programs. MAC students have completed practicum hours in a number of the facilities operated by CRF. The Community Research Foundation programs are listed below. National University MAC students should contact the individual programs directly if interested in pursuing a practicum at one of the sites.

Email Address: Jennifer.Santos@sdcounty.ca.gov

Description of the Program:

Program Description: The County of San Diego's Behavioral Health Services (BHS) department provides mental health and substance use disorder services to over 111,000 San Diego County residents of all ages. Services are provided through 9 county-operated programs, over 300 contracts, and 800 individual fee-for-service providers. BHS offers services across the lifespan through coordinated systems of care and embraces *Live Well San Diego*, the County's over-arching vision for a region that is building better health, living safely, and thriving.

County-operated sites:

- Southeast Mental Health Center
- North Central Mental Health Center
- East County Mental Health Center
- Edgemoor Distinct Part Skilled Nursing Facility
- Adult Forensic Services
- Juvenile Forensic Services
- San Diego County Psychiatric Hospital
- North Central Strength's Based Case Management
- East County Strength's Based Case Management

Please send your cover letter and resume 3-4 months prior to your intended start date. As part of the County of San Diego requirements for volunteers and practicum students, a full background check and medical screening will need to be completed.

Any special training required in addition to university classes: None; We provide training here. All students will be trained in our Electronic Health Record at the beginning of their time at this clinic

Any other information you deem important for potential trainees to know: North Central trains students to act as an integral part of our treatment team. Students who complete this program leave with a good understanding of outpatient care for individuals with severe mental illness.

Name of Agency: Mental Health Systems: North Coastal Mental Health Center

Address: 1701 Mission Ave., Oceanside, CA 92058

Contact Person: Myesha Barton

Email Address: MBarton@mhsinc.org

Description of the Program:

North Coastal Mental Health Center is a county-contracted outpatient mental health center for adults diagnosed with serious mental illness. Our main function is to provide medication management services. In addition, we offer group therapy, brief case management, crisis intervention, brief individual therapy, homeless case management, and referrals to community resources.

"We have 3-4 slots available for interns and they must be able to provide 16-20 internship hours/week. The internship must be at least 9 months long. The intern would be required to attend a three-day electronic health record training provided by the county and pre-employment screening (TB test and drug screen) provided by MHS. Individual and group supervision is provided (* group supervision is offered on Wednesday only)."

Name of Agency: Mental Health Systems: North County Community Assessment Team (CAT)

Address: 940 East Valley Parkway, Escondido, CA 92025

Phone: (760) 747-0205

Contact Person: Celica Garcia, Program Manager

Email Address: cegarcia@mhsinc.org

Description of the Program:

The Community Assessment Team (CAT) is a voluntary program that provides services for the entire family. We offer assessment, as well as providing strength-based groups for youth, and parenting classes for parents. We serve school aged youth who are at risk of entering the justice system; struggling in school; associating with gangs; and/or experiencing anger management issues. We also serve families struggling with how to help their children make the right decisions. Our family centered outpatient services include: Strength based assessment; Individual, family and group counseling; Case management; Crisis intervention; Medication evaluation and monitoring.

Trainees primarily conduct individual therapy and possibly a group, with case management. Individual and group supervision is offered weekly. Students can obtain 12-20 hours per week.

Name of Agency: Mental Health Systems School Based Program

Address: 4660 Viewridge Avenue, San Diego, CA 92123

Contact Person: Jessica Holzer

Email Address: jholzer@mhsinc.org

Description of the Program:

Students may be placed with at least two schools ranging from elementary to high school. All schools are within the San Diego Unified School District and are located mostly in central San Diego.

Name of Agency: New Haven Youth and Family Services

Address: 216 W. Los Angeles Dr., Vista, CA 92083

Phone: (760) 630-4065 * 105

Contact Person: Rowena Versoa, TBS Lead Coach

Email Address: rversoa@newhavenfs.org

Description of the Program:

The site provides residential treatment, special education, vocational training, and clinical intervention, responding to troubled adolescent males and their families.

Experience Provided: The site uses a Therapeutic Behavioral Services program (TBS). TBS is a short term, goal directed service provided to children to assist in achieving the lowest appropriate level of placement.

TBS is a one-to-one service that targets the specific behaviors that are barriers to achieving the lowest level of care. Accordingly, a behavioral coach works with the child in the milieu with the goal of increasing their coping skills, as well as working with the parent and/or caregivers in teaching them effective interventions.

Name of Agency: Polinsky Children's Center Clinic

Address: 9400 Ruffin Court, San Diego, CA 92123

Contact Person: Zenia Palmeno-Serrano, Clinical Director

Email Address: polinsky@newalternatives.org

Description of the Program:

Polinsky Children's Center (PCC) is a 24-hour facility for the temporary emergency shelter of children who have been placed in protective custody for their own safety due to abuse or neglect or their parents' inability to provide for them. Many of our clients have experienced complex trauma and have experienced several failed placements when arriving at PCC. New Alternatives provides the therapeutic support for assessment and stabilization of clients age 3 to a day before their 18th birthday.

Services we provide include; conducting Behavioral Health Assessment and Diagnosis, Client Planning, Individual Psychotherapy, Group Psychotherapy, Rehab services, Case Management, Coordination of Care, and Consultation. All documentation is completed on San Diego County's electronic health record.

Along with a 12-month commitment, practicum students will be required to complete our company trainings, such as, CPR First Aid, Trauma Informed Care, Cultural Competency, Pro-Act (de-escalation and crisis intervention), Suicide Prevention, Privacy and Confidentiality. Practicum Students will also have opportunities to attend other trainings offered to New Alternatives employees.

Polinsky will require that practicum students commit to working at least 16-20 hours per week in a minimum of 4 hour shifts within our hours of operation. Clinic hours are Mon-Friday 10:30am-7pm with the potential for weekend hours after 90 days with our program from the hours of 8:30am-5pm.

Clinical Supervision will be offer in a group and individual basis. Currently, group supervision is offered on Tuesdays 12pm-2pm and second on Thursdays (time to be determined based on the hours needed by the team at the time). Individual supervision is scheduled individually.

Sessions with clients cannot be recorded here at PCC, however this site will assist practicum students gain access to alternative children to film mock sessions for the NU training needs.

Name of Agency: Project IMPACT at SDSU

Address: 4283 El Cajon Blvd., #215, San Diego, CA 92105

Phone: (619) 594-3871

Contact Person: Dr. Brent Taylor

Email Address: btaylor@mail.sdsu.edu

Description of the Program:

Project I.M.P.A.C.T. (Interventions with MFT Trainees, Parents, And Children Together)

Program Goal:

"We are here to serve students and help them achieve academic success! We realize that children face many challenges in today's society, and we are here to equip them with tools for success as they learn how to balance life's demands. We provide therapy for children of all ages at your elementary school. We are also available for consultation with teachers and support staff.

- Who? Our therapists are trainees who have at least one year of clinical experience in the master's degree program of marriage and family therapy. They are supervised by Licensed Clinicians who have many years of experience working in schools and with children.
- Where? We provide on-site therapy at the school. We are also available to provide home-based therapy when necessary to facilitate communication between the family and therapist.
- What? We provide therapeutic services geared toward children in a supportive and collaborative environment. We conduct art and play therapy in various modalities such as individual, family, or groups.
- When? Our trainees will be onsite a few days a week to provide therapy during school hours. They may also be available after school hours for home visits.
- Why? Many times we can feel overwhelmed in our lives and go through difficult periods. Children also get stressed and experience difficulties just like adults do. While talking therapy can be very effective for adults, children often benefit from

expressing themselves through creativity and play. Project Impact provides children with a safe, non-judgmental environment that builds strength and confidence in themselves. We believe that developing collaborative relationships with parents and teachers can facilitate positive change in children's lives. By attending to their socio-emotional needs, children will be freed up to concentrate on their schoolwork and find joy and fulfillment in learning activities.

Name of Agency: San Diego Center for Children

Address: 3002 Armstrong Street, San Diego, CA 92111 (and various locations)

Contact Person: Online Application

Description of the Program:

Cheryl Rode, Ph.D., VP of Clinical Operations, stated

“We require students to be with us for 8-10 months, with most placements beginning in the Fall. Clinical programs typically require weekday hours, and all hours must be during the supervisor's working hours. The application period is in March and April through the online application for the Fall.”

Students who are interested in placement can complete the online application through the website www.centerforchildren.org/about under Careers/Graduate Student Training section. Information on placement training and instructions for applying are provided along with an online application. Candidates who meet requirements will be contacted as positions become available. Students are asked not to contact program staff directly.

Programs with San Diego Center for Children include:

- a. **Family Wellness Center Outpatient Program** provides individual and family therapy, group therapies, parenting classes, case management, and psychiatric services for children between 3-21. Located in La Mesa and North County.
- b. **School Based Program North County Academy.** Located in Carlsbad for students in grades 1-12, providing counseling, skill building, therapeutic activities, and education. Focus is on improving the student's academic progress as well as overall behavioral health.
- c. **School Based Lifeschool** is on the campus of Southwest High School in the South Bay and provides an integrated day of academics and various styles of therapy and behavioral support for students in grades 7-12. The therapeutic team works with each youth to develop communication and social skills and transfer skills in everyday life.

- d. **San Diego Center for Children Academy** is a non-public school in Kearny Mesa for ages 6-19, where students are supported with more individual attention for educational and behavioral needs.

- e. **Special Families Foster Care** is a program that places foster children in “treatment level” homes throughout SD County. The program recruits and trains foster parents.

- f. **Foster Family Stabilization and Treatment (FFAST)** is for children ages 0-21 and is the sole provider selected by the County of San Diego to provide therapeutic treatment for children living in Foster Family Agency level homes.

- g. **Children’s Residential Treatment (Level 12 and 14)** is located in Kearny Mesa and for ages 6-13. Five cottages house eight children, where their daily activities include therapeutic activities, often with a focus on developing coping skills and self-regulation tools for improved communication and relationships.

- h. **Clark Adolescent Program** is located in Kearny Mesa and for ages 13-18 (Level 14). A cottage for 30 youth encourages social and communication skills. Individual, family, and group therapies is a large focus.

- i. **Providence Community Services, Catalyst Program** is an Assertive Treatment Program for individuals aged 16-25 and a chronic mental illness. The ACT team provides comprehensive and recovery-oriented treatment.

Name of Agency: San Diego Youth Services

Address: 3255 Wing Street, San Diego, CA 92110

Contact Person: Candace Hildebrandt, PsyD, LMFT, Director of Quality Management

Email Address: childebrandt@sdyouthservices.org

Description of the Program:

Various programs throughout the agency take on interns/trainees every year to provide an array of services to children, youth, and adolescents, as well as their families. Students will provide individual, group or family therapy, as well as participate in various meetings such as treatment team meetings, program team meetings, multi-disciplinary team meetings, etc.

The client(s) population served: Dependent upon program that intern/trainee is accepted into, but work generally with youth from all backgrounds, SES, race/ethnicities, but normally ages 4 – 25. Trainees/interns may work with youth who identify with the LGBTQ+ population, are justice-involved youth, or have been commercially sexually exploited, etc.

The length of the commitment (10 or 12 months is usual): we ask for a 9-month minimum commitment, but practicum/internship begins in August and goes through June.

The number of hours required of trainees per week: 20-25 hours.

Time of day or evening trainees will be at the site: dependent upon their school and/or work schedule. They work on creating their scheduled on-site dates/times with the program manager. Normal hours can be anytime between M-F, 8:30-7:00 as each student's schedule is different and some families or youth may need early evening hours.

Type of clinical supervision (individual, group, or both) and when it is scheduled: Individual supervision is 1 hour on a weekly basis, group supervision is weekly for 2 hours, dependent upon Clinical Supervisor and student's schedule.

Any special training required in addition to university classes: N/A

Any other information you deem important for potential trainees to know: SDYS will begin accepting applications for students in January – February. Screening and interviews are set-up between during that time, as well as March, most students are offered positions between March to May. Students will then utilize the summer to complete all necessary clearances. We have various trainings throughout the year that are available to no cost to students. If there is a training that comes with a cost, we will do our best to cover it with program funding so students can get that training/experience. We have a mandatory weeklong training/orientation in August that all trainees/interns must attend, no exceptions.

having later afternoon and evening hours is important as we don't want clients to
have to miss work or school to make appointments.

Name of Agency: Stepping Stone of San Diego

Address: 3767 Central Ave., San Diego, CA 92105-2506

Phone: (619) 278-0777

Contact Person: Connie Collins, Manager, Bereavement Intern Program

Email Address: connie@steppingstonesd.org

Description of the Program:

Stepping Stone operates both a residential and a non-residential recovery program, each based upon a social model of recovery, to meet the different needs of our clients. The programs rely on the Twelve Steps of Alcoholics Anonymous and utilize peer interaction and involvement, creating a social environment where clients help each other in the recovery process.

Experience Provided: May include residential treatment, outpatient treatment, support services, or “sober living” care.

Name of Agency: Union of Pan Asian Communities – Adult Alcohol & Drug Treatment Recovery Center

Address: 3288 El Cajon Blvd., Suite 13, San Diego, CA 92104

Contact Person: Courtney Boatman, LMFT, Program Manager

Email Address: cboatman@upacsd.com

Description of the Program:

At UPAC Adult Alcohol & Drug Treatment Recovery Center, our mission is to provide outpatient substance use disorder treatment specifically focused on adults 18+, refugees, immigrants and other underserved populations who reside in San Diego County. Our program provides innovative and effective substance abuse treatment and recovery services to empower the individual to reach their full potential, improve their quality of life, strengthen their families, and benefit the communities they live in. ATR takes a client centered approach in which clients can receive group counseling, individual counseling, and or therapy each week. Clients have access to case managers to assist them with finding housing, income resources, food banks in the community, transportation needs, and other daily living needs.

The client(s) population served: Adults ages 18+

The length of the commitment (10 or 12 months is usual): 10-12 months

The number of hours required of trainees per week: 18-20 hours/week

Time of day or evening trainees will be at the site: 18-20 hours required within Monday-Friday 10:00am-6:30pm

Type of clinical supervision (individual, group, or both) and when it is scheduled: Group supervision Wednesdays 10:00am-12:00pm, Thursdays 1:00pm-3:00pm, or Fridays 1:00pm-3:00pm, depending on schedule and availability.

Any special training required in addition to university classes: N/A

Any other information you deem important for potential trainees to know: Trainees will be required to register with CCAPP and complete about 15 hours of County training in first month of practicum. Trainees will be paired with a primary counselor and will receive program training before being assigned a caseload.

Name of Agency: Union of Pan Asian Communities – Teen Recovery Center

Address: 3288 El Cajon Blvd., Suite 13, San Diego, CA 92104

Contact Person: Melissa Lindo, LMFT, Program Manager

Email Address: mlindo@upacsd.com

Description of the Program:

At UPAC Teen Recovery Center, our mission is to provide teens and families the support they need throughout the recovery process. As a leading nonprofit treatment provider, we offer affordable evidence-based care to our teens and provide a safe place where they can connect with others they can relate to. Our clients engage in group counseling services, case management, drug testing, individual counseling sessions, family counseling sessions and sober activities.

The client(s) population served: Adolescents ages 12-17

The length of the commitment (10 or 12 months is usual): 10-12 months

The number of hours required of trainees per week: 18-20 hours/week

Time of day or evening trainees will be at the site: 18-20 hours required within Monday-Friday 10:00am-6:30pm

Name of Agency: Vista Hill Incredible Families (Various locations in East, South, North Central, and North County San Diego)

Contact Person: Angela Rowe, Program Manager

Email Address: arowe@vistahill.org

Description of the Program:

Incredible Families is a county funded with three offices (East/South San Diego, North Central, and North County) that provides a 15-week program consisting of family visitations, a parenting group, and individual therapy services for children. Clients are between the ages of 2-14 and referrals are through the Child Welfare Services. Trainees will be involved in the parent visitations, parenting classes, group co-facilitation, teaching the parents strength-based skills in connecting with their child, clinical consultation, and weekly group supervision. Students are accepted at various times of the year and expected to provide a minimum of six-eight hours a week.

Name of Agency: Vista Hill Parent Care Central/East

Address: 4125 Alpha St., San Diego, CA 92113

Parent Care East, 4990 Williams Avenue, La Mesa, CA 91942

Contact Person: Angela Rowe, Program Director

Email Address: arowe@vistahill.org

Description of the Program:

Program Description:

The Vista Hill Parent Care Central location is a women's alcohol/drug treatment and parent education center featuring:

- An outpatient treatment program for women with substance abuse problems
- Addresses the specific needs/issues of women and mothers
- A safe, supportive, and confidential environment
- A success-oriented program building on a client's strengths which enhances the individual's and family's
- An integrated medical-social relational model approach to treatment
- Quality childcare provided

Name of Agency: WEST Coast Recovery

Address: 785 Grand Avenue, Carlsbad, CA 92008

Contact Person: Hanna Hanson, LMFT, Director

Email Address: Hanna@westcrc.com

Description of the Program:

West Coast Recovery Center's mission is to provide an individualized program of recovery to inspire healthy life changes. Trainees will garner an understanding of the addictive process, recovery treatment and dual diagnoses which often accompany addiction (PTSD). Interns and trainees will acquire skills in dual diagnosis screening and assessment measures, treatment planning and mindfulness-based psychotherapy. Training will be provided on HiPAA, DAP progress notes, Ethics/Legal concerns, Dialectical Behavioral Therapy (DBT) Skills and Behavior Chain Analysis, and Mindfulness practice. My theoretical orientation is based in mindfulness and DBT, thus interns can count on exposure to these DBT skills, mindfulness practices and emphases on behavior.

Group supervision sessions always begin with 5-10 minutes of mindfulness, meditation, or Wise Mind practice. We then follow with case presentations, teach-ins and/or countertransference issues. Clinical staff are regularly exposed to training and fellow case presentation from somatic based, sensori-motor psychotherapy for PTSD, 12 step, SMART, holistic approaches, as well and EFT and systems understandings of addiction and treatment.

Successful applicants will be required to purchase malpractice insurance...complete a TB test, a basic physical and HIPAA certification training (provided by WESTCRC/online). A drug test may also be required.

Applicants with strong interest or experience with mindfulness, DBT, addiction or PTSD are helpful but not required. A Compassionate heart, good communication skills, a willingness to learn and a strong commitment to fulfill responsibilities and provide mindful client care are essential. "

The Internship would be 10-12 months

Hours per week required is 12-15

Group Supervision is Thursdays from 9:30-11:30am (and I will create an additional group supervision or individual for trainees)

Trainees would run groups and provide individual counseling for Chemical Dependency IOP/PHP in Carlsbad. Trainees will complete 1. one formal case presentation quarterly, 2. one "Teach in" from their theoretical orientation and 3. one formal observation of a session (taped/video) quarterly.

Name of Agency: YMCA Youth and Family Services

Address: 2929 Meade Avenue, San Diego, CA 92116

Contact Person: Nicole Reich, LMFT

Email Address: nreich@ymcasd.org

Description of the Program:

YMCA Youth and Family Services (YFS) provides direct service and support to over 15,000 individuals in the San Diego County community each year. Since 1970, we have consistently provided unique programming that addresses San Diego's most pressing social issues and adapts to its ever-changing needs. By ensuring everyone has a safe place to live, a reliable support system, encouragement to pursue their goals, and access to the resources and mental health therapy that they need to flourish, our staff, volunteers and donors continue to help bring about meaningful and lasting change for the youth and families of our community.

YFS offers therapy (and clinical traineeships) in diverse milieus: residential (Oz,) outpatient clinic (North Park,) field / community (Youth Resiliency Center, Family Resiliency Center), and school-based services (SDUSD.)

The client(s) population served: San Diego County, across the lifespan

The length of the commitment (10 or 12 months is usual): 12 months

The number of hours required of trainees per week: 15-20 / week

Time of day or evening trainees will be at the site: depends on site

Type of clinical supervision (individual, group, or both) and when it is scheduled: group, individual, and triadic – schedule is dependent on site/program

Any special training required in addition to university classes: program specific training provided during onboarding process

Any other information you deem important for potential trainees to know: email with questions
