What Is Center for Creative Leadership?

CCL has earned a reputation worldwide as the premier leadership development organization that is steeped in research, built on human-centered experiences, and powered by innovation. CCL's philosophy derives from the understanding that leadership is a social process that enables individuals to work together to achieve results that they could never achieve working as individuals. The foundation of the CCL MBA is the Direction, Alignment, Commitment (DAC), which focuses on achieving the outcomes that make leadership most effective. Building on this framework, students in the program will explore CCL's research-based concepts and apply their learning in real time to enhance their practice of leadership.

Law Enforcement Cohort

To specifically meet the needs of 21st century policing, National University has created a closed cohort session of the CCL MBA beginning January 4, 2022. This cohort will provide the same content and background of topics with the addition of faculty that have a supplemental understanding of public safety. The Public Safety Cohort provides a space for you to learn from your industry peers.
