About National University

A private nonprofit university serving the whole student

Founded in 1971 by retired U.S. Navy Captain, Dr. David Chigos, National University's mission is to provide an accessible, world-class student experience that ensures student success through meaningful learning. NU is comprised of seven schools and colleges serving more than 50,000 degree-seeking students and 80,000 workforce and professional development students annually across the United States and abroad with a growing global network of more than 240,000 alumni in 50 states and 20 countries. Celebrating 52 years of educational excellence, we are proud to share that 50 percent of our undergraduate students are affiliated with the U.S. military, we are the largest conferrer of graduate degrees to minority students in the U.S., and we are the third largest conferrer of doctoral degrees to diverse students. As one of the largest Minority-Serving Institutions in the United States, two-thirds of NU's students and graduates are racially diverse, and approximately 40 percent of our learners are first-generation college students, and 30% of our bachelor's degree completers are Latino.

National University supports healthy learning experiences by supporting the

whole student during each learner's education journey and beyond. We focus on the road ahead through pioneering efforts in learning-centered innovation, providing next-generation education, and offering more than 190+ online and on-campus programs with flexible four- and eight-week classes and one-to-one graduate education models designed to help students reach their goals while balancing busy lives. Further, we are dedicated to creating positive economic outcomes and social mobility through value-rich learning experiences that meet the unique needs of our diverse population of working adults, parents, members of the military, teachers, and healthcare professionals seeking pathways to possibility to improve their lives and the lives of those around them. As we move forward, we remain steadfast in our mission to provide current and future generations of diverse students the best opportunities for quality education to achieve their goals in life.

In 2022, the merger of National University with Northcentral University was completed, bringing together the talent and expertise of the two organizations to offer a comprehensive suite of academic

programs from pre-college to doctoral level, along with a focus on microcredentials and workforce programs. This new structure will enable National University – along with its affiliates, including City University of Seattle, Workforce Education Solutions, Cause Research Institute, Harmony Academy, and the Fundraising Academy Cause Selling Education – to further develop new approaches such as credential-rich education and next-generation education, as well as focus on supporting the whole student through each one's entire education journey.

As we look to the future, National University will continue to be a catalyst for educational innovation, inclusion, and transformation. We will work to build, strengthen, and advance partnerships; expand career-relevant certificates and degrees to prepare our students for the jobs of today and of the future; implement new technologies into our learning spaces to enhance lifelong learning; improve the lives of diverse populations of students through pathways to opportunity; and shape the future of education and the communities we serve for generations to come.

About the President

Mark D. Milliron, PhD

President and CEO, National University

  @markmilliron

Dr. Mark D. Milliron was named the sixth president of National University in October 2022. He is committed to advancing the institution's 52-year history of serving a diverse population of students through access and success innovation and shaping the future of education through next-generation learning, credential-rich pathways, and Whole-Human Education™.

Dr. Milliron is an internationally recognized innovator and deeply-respected educator with more than three decades of experience catalyzing positive change and educational transformation through his leadership. He is an award-winning author, speaker, and consultant working globally with government agencies, associations, corporations, universities, community colleges, and K-12 schools. He also serves on the boards and advisory councils of a variety of future-thinking education organizations. In 2023, Dr. Milliron began serving as a governing board member of the President's Forum, a nonprofit organization of college and university presidents.

Prior to coming to National University, Dr. Milliron served as the senior vice president at Western Governors University and executive dean of its School of Education – the largest college of education in the United States. He also serves as the board chair

of the Trellis Foundation. He holds an appointment as a professor of practice in the College of Education at the University of Texas at Austin.

In previous roles, Dr. Milliron co-founded the student-success advanced-analytics innovator Civitas Learning, served as deputy director for postsecondary improvement with the Bill & Melinda Gates Foundation, and led as president and CEO of the League for Innovation in the Community College. He has been recognized as a Distinguished Graduate by the University of Texas at Austin, inducted into the United States Distance Learning Association (USDLA) Hall of Fame, and been featured in the Chronicle of Higher Education as one of the "Top Technology Innovators" in higher education.

"As you walk across the graduation stage, your work is not over," Dr. Milliron, a first-generation college student, frequently says to new graduates. "Each one, reach one. It is now your job to open doors, remove barriers, and help those willing to put in the work to get on their path to learning that powers their professional and personal lives."

"An Investment in Success"

Willie Banks is President of HSJ, Incorporated, a sports management and consulting firm that specializes in marketing and networking between the US and Japan. HSJ, Inc. provides its clients with value-added skills and experience for events and sports organizations. With vast, sports experience, industry knowledge and operational skills for sports businesses, HSJ, Inc. and its network help businesses and individuals implement new programs, develop strategic planning, and create fresh marketing tools.

Currently, HSJ, Inc. is the Japanese "Master Distributor" for Fieldturf Tarkett Incorporated, an artificial grass manufacturer. Fieldturf is used for sports stadiums like Giants Stadium, Ford Field, Tropicana Field, and the Tokyo Dome. As the Master Distributor, Willie manages the sales, installation and maintenance of Field Turf in Japan and Taiwan. In addition, while consulting for Dentsu, Japan's largest advertising and marketing company, Willie introduced Japan to the concept of "naming rights" for stadiums, raising hundreds of millions in revenue.

For many years Willie has assisted cities bidding for international events like the Olympic Games. He has served as the Deputy Executive Director for the 1994 World Cup of soccer and the Director of Athlete Services for the 1996 Atlanta Olympic Village. He is famous throughout the world and has represented his country in many ways. Taking note of Willie's international popularity and outstanding personal character and leadership qualities, Time Magazine once dubbed him "The United States' ambassador of track and field".

Though Willie is a former world record holder and Olympian, much of his fame comes from his innovative approach to sports. Willie entertained the crowd and in response the spectators rhythmically clapped while he ran down the runway for his jump. It became so

popular that it set a tradition that is mimicked throughout the world to this day. In fact, in Finland they call it "the Banks"!

Willie continues to participate in athletics and has set several age group world and national records in the triple jump and the high jump. He is an avid Zumba dance fitness enthusiast and loves to work with kids through his World Record Camps program.

Willie is a leader. He currently sits on the World Athletics Council, the international federation for Athletics (Track and Field). He is a past President of the US Olympians. He sits on the Board of Director of the USATF, and the USATF Foundation. He is the former Vice President of The Athletics Congress (TAC) 1986-89, 1988 Olympic Team Captain, former USATF Alumni President and past chairman of the Athletes Advisory Committee. While working on the 1996 Atlanta Olympic Games the Martin Luther King, Jr. Women's Association awarded Willie with their "Drum Major for Justice" award given to that individual who exemplifies a positive leadership image.

Willie has written many articles for major publications around the world about subjects ranging from training methods to legal principals. He has given more than 1000 speeches in his lifetime to a wide variety of audiences including more than 50 speeches in Japanese. In fact, Willie is an increasingly sought after speaker for his ability to tailor his speech to his audience and engage them with his wit and charm. Some of the companies that have utilized Willie in personal appearances and speeches include IBM, Georgia Power, BellSouth, AT&T, Coca-Cola, Pepsi, Transamerica, Vons, Minute Maid, and Adidas to name just a few.

It is difficult to find a person more versatile than Willie. Many of his colleagues and supporters say that engaging Willie Banks is surely an "investment in success".

The National University Mace

Centuries ago, monarchs went to battle accompanied by soldiers armed with swords and bishops armed with maces. Both swords and maces served the same purpose: They were brutal weapons designed to protect the monarch in battle. Over time, as the protective role of bishops diminished, the mace became a ceremonial scepter that represented the monarch's authority. While the original maces were heavy clubs constructed to break armor, the ceremonial maces were magnificent pieces assembled from precious metals and jewels that beautifully displayed the monarch's coat of arms. Over time, the mace was adopted by universities to represent the authority of the university to confer academic degrees and honors. As such, a mace represents the unique values and culture of a university.

In celebration of National University's 25th anniversary year (1996), Carol Hinton of the San Diego-based Hinton Group was commissioned to design a mace for the University that would serve the traditional function of representing academic authority and capture the fresh, innovative spirit of a young university serving a unique population of nontraditional learners.

Constructed by Barton Ward of Montbleau & Associates, San Diego, the mace is comprised of wood, granite, and etched glass, with accents of pewter and lapis. The mace was conceived as a scaffold to highlight the University's seal, which portrays National University as a traditional yet innovative institution.

Other significant components include:

- The open framework, representing access to the learning environment that the University provides to all students
- The crown, representing the learner's lifelong quest for knowledge
- The globe, representing the University's diversity and its status as a global institution of higher learning
- The inscription of the Latin motto, DISCENDO VIVIMUS — "We live through learning"

When not in use, the mace is displayed at the University's Spectrum Business Park campus.

Academic Regalia

The pageantry of commencement exercises dates from the Middle Ages and the traditions of Europe's first universities.

The gown is an adaptation of the medieval priest or friar robe and is distinctive for each degree. The bachelor's gown is yoked with a closed front and long pointed sleeves. The master's gown can be worn open and has long sleeves slit above the elbow to allow the forearm to protrude. The doctoral gown has velvet panels down the front and three velvet bars on each of the full bell-shaped sleeves. The color of the velvet may indicate the academic discipline: purple for law, dark blue for philosophy, light blue for education, white for humanities and arts, gold for science, and orange for engineering.

The hood evolved from a priest's cowl and is worn by master's and doctoral candidates. The lining color or colors are those of the college or university granting the degree.

At National University, the hood is light gray and blue. The monk's skullcap became the mortarboard cap or tam. Black is accepted in the United States, but many foreign universities have distinctive and colorful headdresses.

Tassels vary in use and color. Doctoral tassels are usually gold; master's and bachelor's are black. At National University, master's candidates wear black tassels, and bachelor's tassels match their college's colors. Honor graduates wear silver cords, and military graduates wear a red, white, and blue cord.

Alumni Relations

Dear Graduate,

Congratulations on your accomplishment! We are honored to be the first to welcome you to the National University Alumni Association (NUAA). You are now part of a growing global network of more than 240,000 innovators, decision-makers, educators, and leaders in a broad range of professions and fields. President's Circle

The President's Circle is a prestigious group of graduating students within each school or college who are chosen yearly for their exceptional performance earning either their associate's, bachelor's, master's, or doctoral degree at National University. President's Circle students are nominated by faculty then recommended by each Dean based on various characteristics including personal character, academic excellence, initiative for positive impact, leadership for today

and for tomorrow, the ability to represent National University as an ambassador, and other unique circumstances. The primary purpose of the President's Circle is to acknowledge and celebrate student academic excellence and their potential to have a profoundly positive impact on the world.

Each year, President Circle students are invited to attend a special celebratory luncheon prior to commencement with

the President and Deans where they receive a congratulatory certificate, President's Circle cords to wear at commencement, and to share more about their accomplishments and plans for the future. President Circle students are also featured on National University's website and within other social media and publications as well as possess opportunities to assist with research, grant writing, foundation presentations, and more.

2024 Honor Society Nominees

National University Scholars Program

The NU Scholars Program is a leadership, community service, and engagement program embedded into a full-tuition scholarship and per course book stipend. Celebrating the University's diverse student population, this program offers high-impact experiences through recognizing students who demonstrate potential for high achievement and contribution to society.

Order of the Sword and Shield Honor Society

The Order of the Sword and Shield is the first and only academic and professional honor society dedicated exclusively to homeland security, intelligence, emergency management, cyber and information security, and all protective security disciplines. The mission of the Society shall be to promote critical thinking, high scholarship and professional development; to further enhance the ethical standards of the protective security professions; and to cultivate a high order of personal living.

Phi Alpha Delta

Phi Alpha Delta (PAD) is dedicated to serving the student, school, profession, and community. This International Law Fraternity is the largest professional law fraternity in the United States. Through its devotion to the ideals of compassion, courage, diversity, innovation, integrity, professionalism, and service, its mission is to better both the legal profession and the community. Pre-law members with a 3.5 GPA and law student members in the top third of their class are eligible to join PAD's Society of Scholars.

Phi Chapter Omega Nu Lambda Honor Society

Phi Chapter Omega Nu Lambda (ONL) is the only national collegiate honor society exclusive to online students. ONL strives to help make online education a better experience by acknowledging academic achievement, rewarding online experience by offering scholarship opportunities, and creating environments that promote connectivity among other ONL members throughout the United States.

Pi Lambda Theta Honor Society

Pi Lambda Theta is the international honor society and professional association for students in the field of education. The dean of the Sanford College of Education nominates students to Pi Lambda Theta who have met rigorous requirements. Membership in this honor society offers students access to scholarships, research grants, career support, and leadership conferences, as well as support from the National Board of Professional Teacher Standards. A gold cord worn during commencement exercises designates Pi Lambda Theta graduates.

CONGRATULATIONS!

#NUGrad2024

Meet Navi, Our NU Navigator!

My name is Navi, and I'm honored to be National University's Navigator – your beacon of strength, vision, wisdom, and determination.

Some may consider me a mere mascot, but I aspire to be far more. I intend to help you navigate obstacles to achieving your degree while instilling the satisfied confidence that comes from living life on your own terms. I will strive to make you proud that you chose NU to nurture your goals and dreams.

I am a peregrine falcon, the fastest creature in the wild kingdom. Swift, strong, and fearless, capable of soaring to wondrous heights and diving at breathtaking speeds to capture unbridled possibility. Known for my acute vision, I am able to see your true potential, oftentimes long before it becomes clearly defined in your own mind.

Perched upon your goals and aspirations, I will guide you to unprecedented heights of personal achievement, academic accomplishment, and professional satisfaction. Together, we will navigate obstacles as you focus on the bright horizons of forthcoming opportunities.

Look up to the sky.
How high can you soar?
How far can you fly? Your future looks so bright, and I look forward to flying with you every step of the way.

Congratulations, graduates!

Navi
