About National University

A private nonprofit university serving the whole student

Founded in 1971 by U.S. Navy Capt. Dr. David Chigos, National University's (NU) mission is to provide an accessible, world-class student experience that ensures student access and success through meaningful learning. Celebrating 53 years of educational excellence, NU is San Diego's largest private nonprofit university and is comprised of six schools and colleges serving more than 50,000 degree-seeking students and 80,000 workforce and professional development students annually across the United States and abroad with a growing global network of more than 245,000 alumni in 50 states and 20 countries. Known as the home of the ANDers™, NU supports the growing population of learners who juggle multiple responsibilities — students who are balancing school with work, transitioning from military service, caring for families, and much more. NU is proud to share that 50 percent of its undergraduate students are affiliated with the U.S. military.

National University offers excellence in educational experiences coupled with a commitment to supporting the whole student during each student's education journey and beyond. NU is a pioneer in learning-centered innovation and a leader in providing next-generation education. The university offers more than 150+ online and on-campus programs with flexible four- and eight-week classes and individual-based graduate education models designed to help students reach their goals while balancing busy lives. Further, NU is dedicated to creating positive economic outcomes and social mobility through value-rich learning experiences that meet the unique needs of our students.

In 2022, the merger of National University with Northcentral University was completed, bringing together the talent and expertise of the two institutions to offer a comprehensive suite of academic programs from pre-college to doctoral level,

along with a focus on microcredentials and workforce programs. This new structure enables the National University team — along with its affiliates, including City University of Seattle, Workforce and Community Education, Cause Research Institute, NU Harmony Academies, and the Fundraising Academy — to continue to embrace the aspiration of being "difference makers educating difference makers."

Looking to the future, National University will continue to be a catalyst for educational innovation, inclusion, and excellence. NU will work to build, strengthen, and advance partnerships; expand career-relevant certificates and degrees to prepare our students for the jobs of today and of the future; implement new technologies into our learning spaces to enhance lifelong learning; improve the lives of nontraditional, working, and military students through pathways to opportunity; and shape the future of education and the communities NU serves for generations to come.

Commencement Speaker: Saturday Afternoon

Garry Ridge

**Chairman Emeritus, WD-40 Company and
The Culture Coach**

Garry Ridge is a leader, coach, and passionate advocate for workplace cultures that foster belonging, learning, and success. Best known for his 25-year tenure as CEO and Chairman of WD-40 Company, Garry transformed the organization into one of the world's most recognized and trusted brands—not just through business growth but by creating a culture where people felt valued, safe, and inspired.

Under his leadership, WD-40 Company achieved remarkable success, with employee engagement levels exceeding 90% and consistent shareholder value growth for over two decades. Garry credits this to a leadership philosophy rooted in trust, respect, and the belief that happy employees drive outstanding business results.

Now, as The Culture Coach, Garry dedicates his time to helping leaders and organizations build people-centric workplaces. Through The Learning Moment, he partners with executives to develop cultures that encourage collaboration, innovation, and purpose-driven performance. He also serves on the boards of The Gorilla Glue Company and Eastridge Workforce Solutions, bringing his expertise in leadership, strategy, and global brand growth to forward-thinking companies.

Garry is an engaging speaker, author, and teacher. He co-authored *Helping People Win at Work* with Ken Blanchard and has contributed to *Work is Love Made Visible* by Marshall Goldsmith and Frances Hesselbein. His latest work, *Any Dumb-Ass Can Do It*, reinforces his belief that great leadership is simple—but not easy. With his signature humor and hard-earned wisdom, Garry shares practical lessons on creating strong workplace cultures, embracing mistakes as learning moments, and leading with humility.

Garry often refers to himself as The Dean of Dumbassery, a title that underscores his belief that learning from mistakes is a critical part of growth. He encourages leaders to embrace their “learning moments” and turn setbacks into opportunities for development.

At the core of his philosophy is a simple truth: when people go to work feeling safe, inspired, and connected to a greater purpose, they do their best work—and they go home happy. And when people go home happy, they build stronger families, communities, and ultimately, a better world.

The National University Mace

Centuries ago, monarchs went to battle accompanied by soldiers armed with swords and bishops armed with maces. Both swords and maces served the same purpose: They were brutal weapons designed to protect the monarch in battle. Over time, as the protective role of bishops diminished, the mace became a ceremonial scepter that represented the monarch's authority. While the original maces were heavy clubs constructed to break armor, the ceremonial maces were magnificent pieces assembled from precious metals and jewels that beautifully displayed the monarch's coat of arms. Over time, the mace was adopted by universities to represent the authority of the university to confer academic degrees and honors. As such, a mace represents the unique values and culture of a university.

In celebration of National University's 25th anniversary year (1996), Carol Hinton of the San Diego-based Hinton Group was commissioned to design a mace for the University that would serve the traditional function of representing academic authority and capture the fresh, innovative spirit of a young university serving a unique population of nontraditional learners.

Constructed by Barton Ward of Montbleau & Associates, San Diego, the mace is comprised of wood, granite, and etched glass, with accents of pewter and lapis. The mace was conceived as a scaffold to highlight the University's seal, which portrays National University as a traditional yet innovative institution.

Other significant components include:

- The open framework, representing access to the learning environment that the University provides to all students
- The crown, representing the learner's lifelong quest for knowledge
- The globe, representing the University's diversity and its status as a global institution of higher learning
- The inscription of the Latin motto, DISCENDO VIVIMUS — "We live through learning"

When not in use, the mace is displayed at the University's Spectrum Business Park campus.

Academic Regalia

The pageantry of commencement exercises dates from the Middle Ages and the traditions of Europe's first universities.

The gown is an adaptation of the medieval priest or friar robe and is distinctive for each degree. The bachelor's gown is yoked with a closed front and long pointed sleeves. The master's gown can be worn open and has long sleeves slit above the elbow to allow the forearm to protrude. The doctoral gown has velvet panels down the front and three velvet bars on each of the full bell-shaped sleeves. The color of the velvet may indicate the academic discipline: purple for law, dark blue for philosophy, light blue for education, white for humanities and arts, gold for science, and orange for engineering.

The hood evolved from a priest's cowl and is worn by master's and doctoral candidates. The lining color or colors are those of the college or university granting the degree.

At National University, the hood is light gray and blue. The monk's skullcap became the mortarboard cap or tam. Black is accepted in the United States, but many foreign universities have distinctive and colorful headdresses.

Tassels vary in use and color. Doctoral tassels are usually gold; master's and bachelor's are black. At National University, master's candidates wear black tassels, and bachelor's tassels match their college's colors. Honor graduates wear silver cords, and military graduates wear a red, white, and blue cord.

President's Circle

The President's Circle is a prestigious group of graduating students within each school or college who are chosen yearly for their exceptional performance earning either their associate's, bachelor's, master's, or doctoral degree at National University. President's Circle students are nominated by faculty then recommended by each Dean based on various characteristics including personal character, academic excellence, initiative for positive impact, leadership for today

and for tomorrow, the ability to represent National University as an ambassador, and other unique circumstances. The primary purpose of the President's Circle is to acknowledge and celebrate student academic excellence and their potential to have a profoundly positive impact on the world.

Each year, President Circle students are invited to attend a special celebratory luncheon prior to commencement with

the President and Deans where they receive a congratulatory certificate, President's Circle cords to wear at commencement, and to share more about their accomplishments and plans for the future. President Circle students are also featured on National University's website and within other social media and publications as well as possess opportunities to assist with research, grant writing, foundation presentations, and more.

Meet Navi, Our NU Navigator!

My name is Navi, and I'm honored to be National University's Navigator – your beacon of strength, vision, wisdom, and determination.

Some may consider me a mere mascot, but I aspire to be far more. I intend to help you navigate obstacles to achieving your degree while instilling the satisfied confidence that comes from living life on your own terms. I will strive to make you proud that you chose NU to nurture your goals and dreams.

I am a peregrine falcon, the fastest creature in the wild kingdom. Swift, strong, and fearless, capable of soaring to wondrous heights and diving at breathtaking speeds to capture unbridled possibility. Known for my acute vision, I am able to see your true potential, oftentimes long before it becomes clearly defined in your own mind.

Perched upon your goals and aspirations, I will guide you to unprecedented heights of personal achievement, academic accomplishment, and professional satisfaction. Together, we will navigate obstacles as you focus on the bright horizons of forthcoming opportunities.

Look up to the sky.
How high can you soar?
How far can you fly? Your future looks so bright, and I look forward to flying with you every step of the way.

Congratulations, graduates!

Navi
