## Standard 7: Public Information

## 7.1.a - Student Achievement Table 7.1

You must provide results for each program, concentration, specialization, etc. accredited or to be accredited.

Business page website with link to this table: https://www.nu.edu/college/business-engineering-technology/

Student Achievement: Must report on goal of graduates by program and results. e.g. Graduation by program and year, e.g. BS Finance, e.g. BS Management, e.g. MBA

Report on at least one of these: Attrition, Retention, Licensure pass rates, Job placement rates, Employment advancement, Acceptance into undergraduate or graduate programs, Successful transfer of credit, Other

The tables and graphs below only include information on the active individual model (1:1) programs that are accredited by ACBSP and their active specialization areas that are ACBSP-accredited or seeking ACBSP accreditation. The ACBSP-accredited programs that are currently on teach out are not included below as they have very few students remaining, and the majority of the teach out programs are within their final phases of the teach out process.

\*Data suppressed if numbers (numerator and/or denominator) and/or percentages of results represented fewer than 10 students/graduates.
