About National University

A private nonprofit university serving the whole student

Founded in 1971 by U.S. Navy Capt. Dr. David Chigos, National University's (NU) mission is to provide an accessible, world-class student experience that ensures student access and success through meaningful learning. Celebrating 54 years of educational excellence, NU is San Diego's largest private nonprofit university and is comprised of six schools and colleges serving more than 50,000 degree-seeking students and 80,000 workforce and professional development students annually across the United States and abroad with a growing global network of more than 250,000 alumni in 50 states and 20 countries. Known as the home of the ANDers™, NU supports the growing population of learners who navigate multiple responsibilities — students who are balancing school with work, transitioning from military service, caring for families, and much more. NU is proud to share that 50 percent of its undergraduate students are affiliated with the U.S. military.

National University offers excellence in educational experiences coupled with a commitment to supporting the whole student during each student's education journey and beyond. NU is a pioneer in learning-centered innovation and a leader in providing next-generation education. The university offers more than 150+ online and on-campus programs with flexible four- and eight-week classes and individual-based graduate education models designed to help students reach their goals while balancing busy lives. Further, NU is dedicated to creating positive economic outcomes and social mobility through value-rich learning experiences that meet the unique needs of our students.

The National University team — along with its affiliates, including City University of Seattle, Workforce and Community Education, Cause Research About National University Institute, NU Harmony Academies, and the Fundraising Academy — continue to embrace the aspiration of being "difference makers educating difference makers."

In 2025, the American Council on Education and Carnegie Foundation recognized National University as an "Opportunity University" for its high access, high earnings, and strong outcomes for nontraditional, working, and military-affiliated students.

Looking to the future, National University will continue to be a catalyst for educational innovation, inclusion, and excellence. NU will work to build, strengthen, and advance partnerships; expand career-relevant certificates and degrees to prepare our students for the jobs of today and of the future; implement new technologies into our learning spaces to enhance lifelong learning; improve the lives of nontraditional, working, and military students through pathways to opportunity; and shape the future of education and the communities NU serves for generations to come.

About the President

Mark D. Milliron, PhD

President and CEO, National University

[in https://www.linkedin.com/in/markmilliron/](https://www.linkedin.com/in/markmilliron/)

Dr. Mark D. Milliron was named the sixth president of National University in October 2022. He is committed to advancing the institution's 53-year history of serving nontraditional, working, and military students through access and success innovation and shaping the future of education by championing next-generation learning, Whole-Human Education™, and value-rich education experiences.

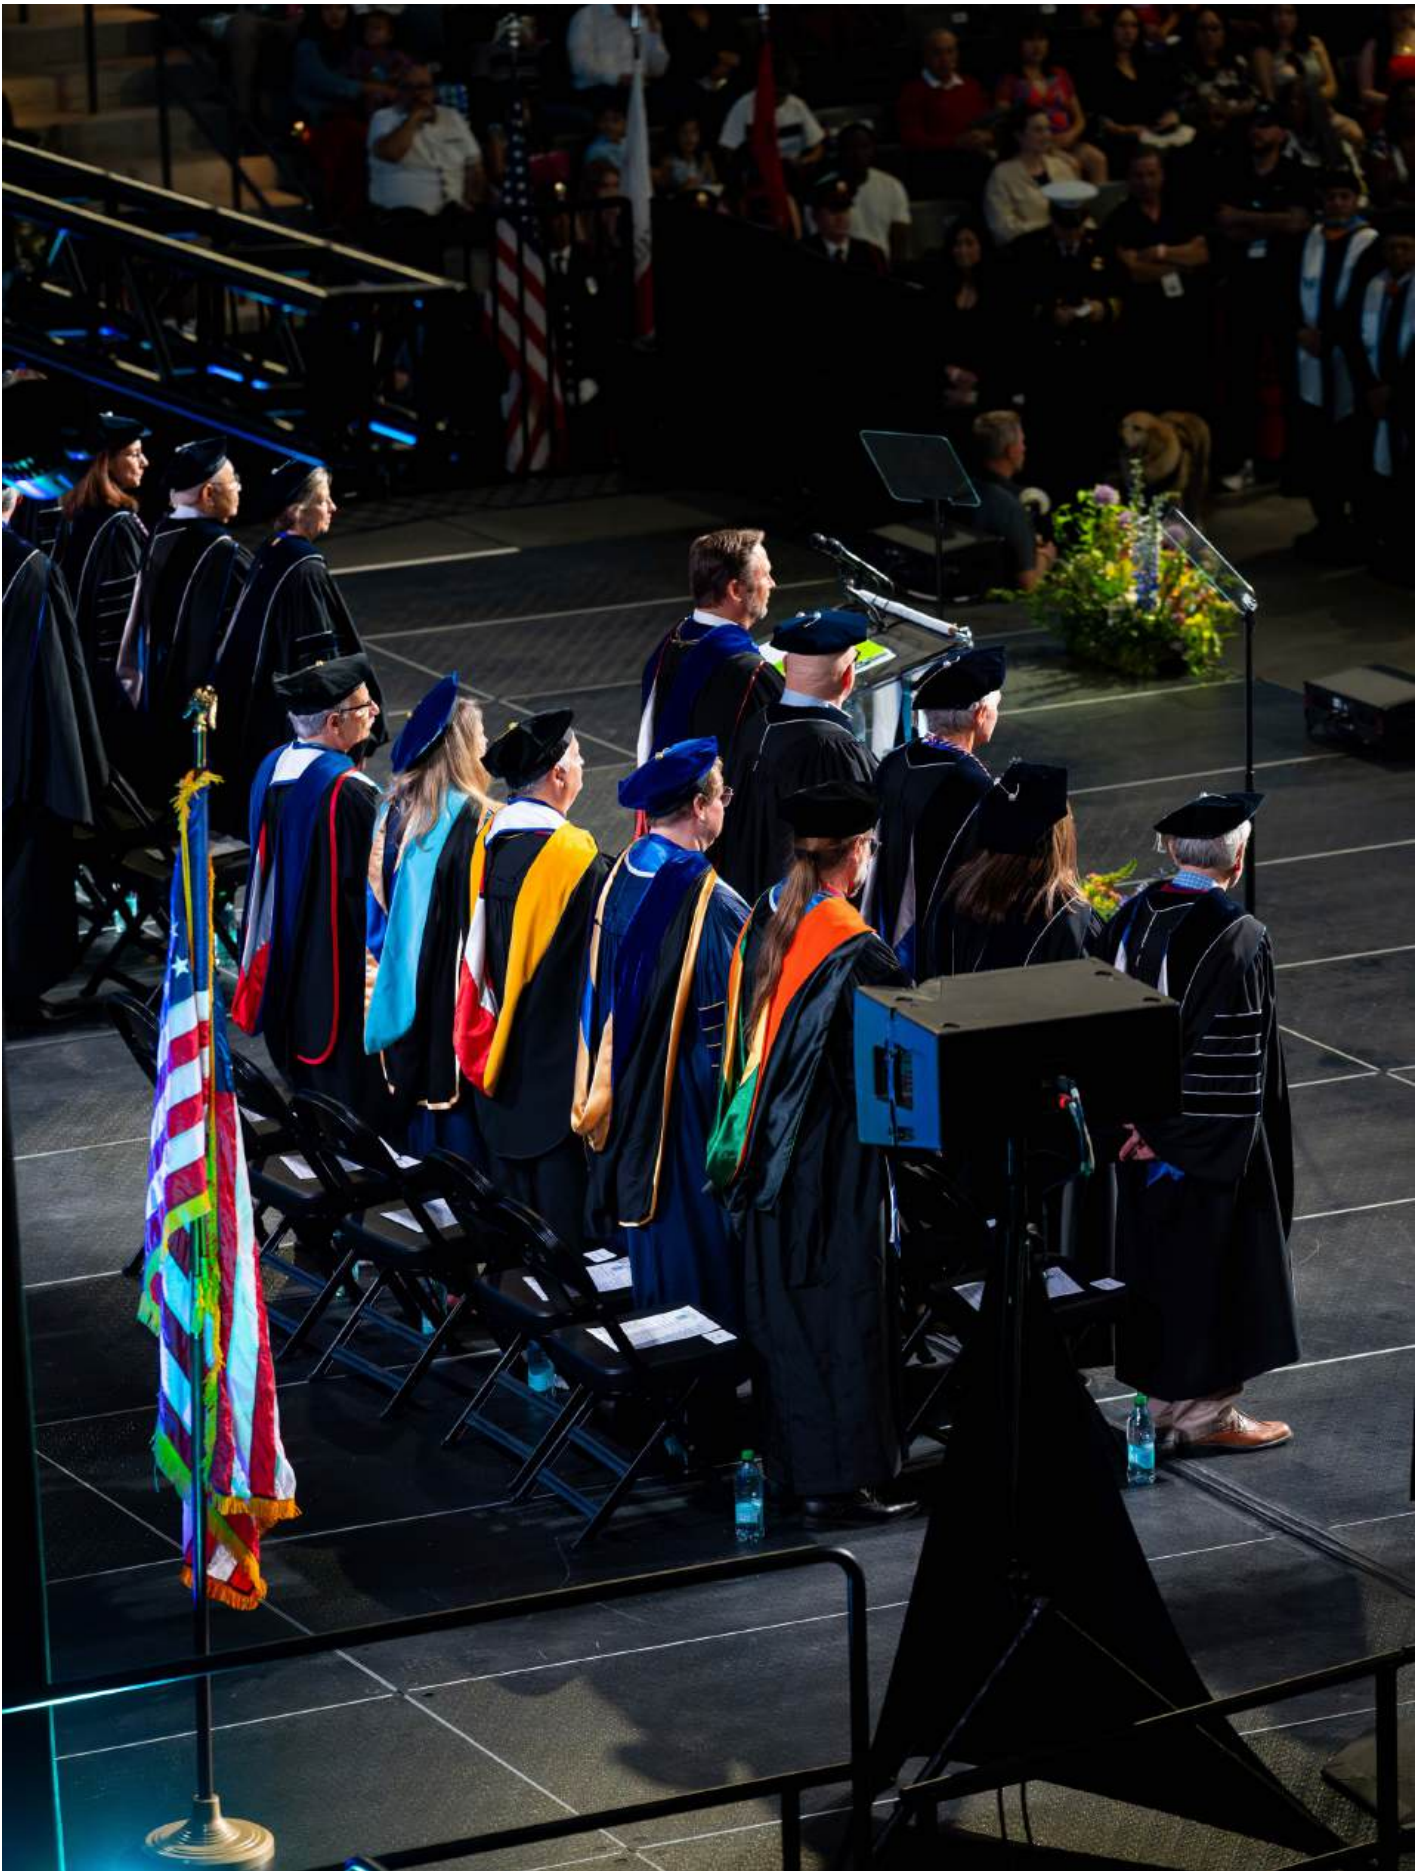

Dr. Milliron is an internationally recognized innovator and deeply-respected educator with more than three decades of experience catalyzing positive change and educational transformation through his leadership. He is an award-winning author, speaker, and consultant working globally with government agencies, associations, corporations, universities, community colleges, and K-12 schools. He also serves on a host of boards and advisory councils for leading educational institutions, foundations, and nonprofits, including the Trellis Foundation, Hispanic Association of Colleges and Universities, Association of Independent California Colleges and Universities, and more.

Prior to National University, Dr. Milliron served as the senior vice president at Western Governors University and executive dean of its School of Education — the largest college of education in the United States. In addition, he co-founded the student-success advanced-analytics innovator Civitas Learning, served as deputy director for postsecondary improvement with the Bill & Melinda Gates Foundation, and led as president and CEO of the League for Innovation in the Community College. He has been recognized as a Distinguished Graduate by the University of Texas at Austin, inducted into the United States Distance Learning Association (USDLA) Hall of Fame, and been featured in the Chronicle of Higher Education as one of the "Top Technology Innovators" in higher education.

"As you walk across the graduation stage, your work is not over," Dr. Milliron, a first-generation college student, frequently says to new graduates. "It is now your job to open doors, remove barriers, and help those willing to put in the work to get on a path to learning that powers their professional and personal lives."

Commencement Speaker: Friday Afternoon

Dr. Darshana R. Patel

**Assembly Member
District 76, California State Assembly**

Dr. Darshana R. Patel was elected in November 2024 to represent the 76th Assembly District in northern San Diego County. The district spans diverse communities, including the cities of Escondido, San Marcos, and San Diego, as well as the unincorporated areas of Del Dios, Elfin Forest, Fairbanks Ranch, Harmony Grove, Lake San Marcos, and Rancho Santa Fe.

A research scientist, former school board president, and dedicated community leader, Dr. Patel brings a unique blend of expertise and compassion to public service. As the daughter of immigrants, she experienced firsthand the challenges of building a new life in California. Her journey was marked by tragedy at an early age when she lost her mother at 14, a loss that inspired her pursuit of medical and health research. After earning a B.A. in Biochemistry from Occidental College and a Ph.D. in Biophysics from the University of California, Irvine, she launched a successful career in biotechnology research before transitioning to community leadership.

In 2016, as the Poway Unified School District grappled with financial mismanagement and criminal embezzlement, Dr. Patel ran for the school board to help restore trust and effective

governance. Elected as a Trustee, she focused on stabilizing the district's finances, and rebuilding governance structures, all with a focus on student success and future readiness. Her efforts earned her widespread community support, board leadership positions, and a successful re-election in 2020.

Beyond her local district, Dr. Patel has been a tireless advocate for educational equity and community engagement. She served as President of the San Diego County School Boards Association and on the California Commission on Asian and Pacific Islander American Affairs, where she championed policies to promote inclusion and opportunity. She has also contributed to public safety as a member of the San Diego Police Department Northeastern Division Captain's Advisory Board and has held leadership roles on the Rancho Peñasquitos Planning Board and Town Council.

Dr. Patel lives in San Diego with her husband and their three daughters.

Commencement Speaker: Saturday Morning & Afternoon

Dr. Theodore Mitchell

**President
American Council on Education**

Ted Mitchell has served as president of the American Council on Education (ACE), the major coordinating body for the nation's colleges and universities, since September 2017. Mitchell and his team work closely with Congress, the executive branch, and the private sector to develop policies and innovative practices that serve our country's postsecondary learners.

Mitchell's leadership of ACE and the entire higher education community is informed by a career committed to increasing access to high-quality education and improving outcomes for all students. Mitchell served in the Obama administration as U.S. under secretary of education. Mitchell and his team at the Department of Education (ED) reinstated Pell Grants for incarcerated adults, created the College Scorecard, and restored millions of dollars to students who were defrauded by their institutions. Before joining ED, Mitchell served in a variety of higher education leadership roles, including as president of Occidental College (1999–2005); vice chancellor and dean at the University of California, Los Angeles; professor and department chair at Dartmouth College; and a member of the Stanford University Board of Trustees.

Mitchell has also been a leader in K–12 education. He served as chief executive officer of the NewSchools Venture Fund—a venture philanthropy that invests in K–12 innovation to support low-income students, schools, and communities—and as president of the California State Board of Education. Throughout his career, Mitchell has worked to create an educational system that serves the goals of excellence, equity, and social justice.

Mitchell received his bachelor's and master's degrees, as well as his PhD, from Stanford University. He is a member of the American Academy of Arts and Sciences.

Mitchell is a current board member of Coursera, Khan Academy, Occidental College, TIAA, Education Quality Outcomes Standards Board, Jack Kent Cooke Foundation, and Credential Engine.

The National University Mace

Centuries ago, monarchs went to battle accompanied by soldiers armed with swords and bishops armed with maces. Both swords and maces served the same purpose: They were brutal weapons designed to protect the monarch in battle. Over time, as the protective role of bishops diminished, the mace became a ceremonial scepter that represented the monarch's authority. While the original maces were heavy clubs constructed to break armor, the ceremonial maces were magnificent pieces assembled from precious metals and jewels that beautifully displayed the monarch's coat of arms. Over time, the mace was adopted by universities to represent the authority of the university to confer academic degrees and honors. As such, a mace represents the unique values and culture of a university.

In celebration of National University's 25th anniversary year (1996), Carol Hinton of the San Diego-based Hinton Group was commissioned to design a mace for the University that would serve the traditional function of representing academic authority and capture the fresh, innovative spirit of a young university serving a unique population of nontraditional learners.

Constructed by Barton Ward of Montbleau & Associates, San Diego, the mace is comprised of wood, granite, and etched glass, with accents of pewter and lapis. The mace was conceived as a scaffold to highlight the University's seal, which portrays National University as a traditional yet innovative institution.

Other significant components include:

- The open framework, representing access to the learning environment that the University provides to all students
- The crown, representing the learner's lifelong quest for knowledge
- The globe, representing the University's diversity and its status as a global institution of higher learning
- The inscription of the Latin motto, DISCENDO VIVIMUS — "We live through learning"

When not in use, the mace is displayed at the University's Spectrum Business Park campus.

Academic Regalia

The pageantry of commencement exercises dates from the Middle Ages and the traditions of Europe's first universities.

The gown is an adaptation of the medieval priest or friar robe and is distinctive for each degree. The bachelor's gown is yoked with a closed front and long pointed sleeves. The master's gown can be worn open and has long sleeves slit above the elbow to allow the forearm to protrude. The doctoral gown has velvet panels down the front and three velvet bars on each of the full bell-shaped sleeves. The color of the velvet may indicate the academic discipline: purple for law, dark blue for philosophy, light blue for education, white for humanities and arts, gold for science, and orange for engineering.

The hood evolved from a priest's cowl and is worn by master's and doctoral candidates. The lining color or colors are those of the college or university granting the degree.

At National University, the hood is light gray and blue. The monk's skullcap became the mortarboard cap or tam. Black is accepted in the United States, but many foreign universities have distinctive and colorful headdresses.

Tassels vary in use and color. Doctoral tassels are usually gold; master's and bachelor's are black. At National University, master's candidates wear black tassels, and bachelor's tassels match their college's colors. Honor graduates wear silver cords, and military graduates wear a red, white, and blue cord.

Alumni Relations

Dear Graduate,

Congratulations on your accomplishment! We are honored to welcome you to the National University Alumni Association (NUAA). You are now part of a growing global network of more than 250,000 innovators, decision-makers, and leaders in a broad range of professions and fields. Membership to NUAA is provided to all graduates for life, at no cost.

Alumni networks constitute one of the most valuable benefits of higher education. You will receive monthly newsletters, invitations to monthly events, and other communications encouraging you to stay engaged with your alumni community.

As an alumnus, you can utilize all of these complementary resources:

- [NU Mentoring Network](#): Connections to professionals as a mentor or mentee
- [NU Speaker Series](#)
- Alumni and special [events](#)
- [Career Services](#): Resume writing, workshops, career guidance, and job/internship portal
- [Library](#) databases and journal access
- [Additional resources and benefits](#)

Remember, your achievements can serve as a catalyst to positively impact the lives of others – be sure to visit the [NU Foundation](#) to learn how you can support the next generation of NU students.

As you embark on the next chapter of your journey, consider sharing your NU experience with your family and network via [nu.edu/refer-a-friend](#). Spread the word and make a difference!

We are so proud to have you in the #NUFam and look forward to staying connected as you continue to achieve your education, career, and professional goals. President's Circle

The President's Circle is a prestigious group of graduating students within each school or college who are chosen yearly for their exceptional performance earning either their associate's, bachelor's, master's, or doctoral degree at National University. President's Circle students are nominated by faculty then recommended by each Dean based on various characteristics including personal character, academic excellence, initiative for positive impact, leadership for today

and for tomorrow, the ability to represent National University as an ambassador, and other unique circumstances. The primary purpose of the President's Circle is to acknowledge and celebrate student academic excellence and their potential to have a profoundly positive impact on the world.

Each year, President Circle students are invited to attend a special celebratory luncheon prior to commencement with

the President and Deans where they receive a congratulatory certificate, President's Circle cords to wear at commencement, and to share more about their accomplishments and plans for the future. President Circle students are also featured on National University's website and within other social media and publications as well as possess opportunities to assist with research, grant writing, foundation presentations, and more.

Pi Lambda Theta Honor Society

Pi Lambda Theta is the international honor society and professional association for students in the field of education. The dean of the Sanford College of Education nominates students to Pi Lambda Theta who have met rigorous requirements. Membership in this honor society offers students access to scholarships, research grants, career support, and leadership conferences, as well as support from the National Board of Professional Teacher Standards. A gold cord worn during commencement exercises designates Pi Lambda Theta graduates.

2026 Honor Society Nominees

Psi Chi Honor Society

Psi Chi is an international honor society whose purpose is to encourage, stimulate, and maintain excellence in scholarship of the individual members in all fields, particularly in psychology, and to advance the science of psychology. Undergraduate and graduate students accepted for membership in Psi Chi are recognized for their academic achievement and devotion to the field of psychology. Psi Chi is a member of the Association of College Honor Societies and is an affiliate of the American Psychological Association (APA) and the Association for Psychological Science (APS). Nominees can be identified by the platinum and blue cord they wear during the ceremony.

CONGRATULATIONS!

#NUGrad2026

Meet Navi, Our NU Navigator!

My name is Navi, and I'm honored to be National University's Navigator – your beacon of strength, vision, wisdom, and determination.

Some may consider me a mere mascot, but I aspire to be far more. I intend to help you navigate obstacles to achieving your degree while instilling the satisfied confidence that comes from living life on your own terms. I will strive to make you proud that you chose NU to nurture your goals and dreams.

I am a peregrine falcon, the fastest creature in the wild kingdom. Swift, strong, and fearless, capable of soaring to wondrous heights and diving at breathtaking speeds to capture unbridled possibility. Known for my acute vision, I am able to see your true potential, oftentimes long before it becomes clearly defined in your own mind.

Perched upon your goals and aspirations, I will guide you to unprecedented heights of personal achievement, academic accomplishment, and professional satisfaction. Together, we will navigate obstacles as you focus on the bright horizons of forthcoming opportunities.

Look up to the sky.
How high can you soar?
How far can you fly? Your future looks so bright, and I look forward to flying with you every step of the way.

Congratulations, graduates!

Navi
